COUPETTE

Inspired by France, but proudly London, Coupette offers high quality, great value drinks that are expertly made & simply served.

Coupette was opened in June 2017 as a creative outlet with a huge passion for Calvados, attention to authenticity and unpretentious style. Coupette soon became a London neighbourhood bar with a French accent and an international reputation, winning the industry's top awards and accolades.

Prioritising results over techniques, Coupette's drinks are presented in beautiful classic glassware and consciously balanced for simplicity and discovery. Complex ideas and lengthy procedures take place behind the scenes rather than as showy garnishes, leaving Coupette's guests free to explore the stories, flavours and nuances of the drink through the act of drinking it.

A discretionary service charge of 12.5% will be added to your bill.
For advice on allergies and intolerances please contact a member of staff.

BARELY LEGAL

Our new menu has been inspired by the fascinating world of street art, which, as bartending did in its earliest days, walks the fine line between legitimacy and prohibition. Taking its name from Banksy's first exhibition back in 2006, Barely Legal celebrates the beauty of urban walls and is a creative collaboration with six of our favourite local artists.

Our journey began with choosing twelve different types of walls that represent the graffiti world. Our second step was creating the drinks. We took inspiration from various sources such as famous artists or art works, added just a hint of a French accent and sent our cocktails with some insight on our approach to our chosen collective of artists. They, in turn, took inspiration from our liquid and our walls to create unique works that capture the very essence of each drink.

Each cocktail, and its ingredients, is detailed through the iconic 'Hello My Name Is ...' stickers that have become a recognisable tag all around the world and we welcome you to enjoy them while appreciating and admiring the beauty and value of graffiti as an art and form of social commentary.

BETHNAL GREEN ROAD E 2

A vibrant bouquet of yellow and red flowers, possibly tulips, is the central focus. The flowers are arranged in a dense cluster, with some yellow petals and others in shades of red and pink. The bouquet is set against a dark, textured background, possibly a brick wall. A white sign with the text 'ELY LEGA' is partially visible, leaning against the flowers. The sign is tilted and has a black border. The overall scene is brightly lit, suggesting an outdoor setting.
